**Category A:
Poster for Climate**

In category A, we invite artists from across the globe to submit posters that express their passion and commitment to the climate. We encourage participants to harness their creativity through vibrant colors, uplifting messages, and joyful imagery that resonate with the theme of climate care. Whether you choose to depict the beauty of nature, the urgency of climate action, or the harmony between humanity and the environment, your unique artistic voice is welcome.

This is your chance to let your creativity soar—whether you prefer traditional mediums like brushes and pens or digital tools. Craft a poster that not only communicates the importance of climate care but also fills hearts with joy and inspiration. Join us in this incredible journey to spread awareness and positivity. Submit your entries and contribute to a global movement of art for climate action.

POSTERFOR.COM

Category B: Poster for Year of Horse

In Category B we invite artists and designers to create posters that explore the symbolism, spirit, and cultural resonance of the Year of the Horse. The horse is celebrated across cultures as a symbol of freedom, energy, progress, endurance, and nobility. In the Chinese zodiac, it represents movement, independence, and unyielding vitality.

We encourage participants to interpret this theme through personal, cultural, mythological, or social lenses—whether inspired by traditional folklore, contemporary life, or visionary futures.

Your poster may reflect:

- The energy and dynamism of the horse as a metaphor for human progress.
- The cultural heritage and artistic expressions tied to horses in your country or tradition.
- The horse as a symbol of strength, rebellion, unity, or hope.
- Or even how the horse might be viewed in the context of technology, sustainability, or global change.

Category C: Poster for Technology

In Category C, we invite artists and designers to explore the transformative power of technology through visual storytelling. From artificial intelligence and robotics to drones, virtual reality, and smart cities, technology is rapidly reshaping how we live, connect, and define what it means to be human.

- The influence of AI on creativity, emotion, education, and daily life
- The evolving roles of robots in healthcare, industry, caregiving, or even warfare
- The impact of drones and automation on transportation, privacy, and security
- The dialogue between technology and humanity, tradition and progress
- Ethical questions surrounding algorithms, data, and control
- Conceptual and visual explorations of future cities, bio-tech, the metaverse, and beyond

Category D: Poster for Water

In Category D, we invite artists to create posters that explore the beauty, necessity, and urgency of water. As a vital source of life, water connects ecosystems, communities, and cultures—yet it is increasingly under threat from pollution, scarcity, and climate change.

Designers are encouraged to interpret water through multiple lenses, including:

- Clean water access and inequality
- Oceans, rivers, and lakes as living systems
- Spiritual and cultural meanings of water
- The impact of climate change on water resources
- Water conservation and sustainability

Category E: Poster for Culture Diversity

Category E celebrates the diversity and richness of cultures worldwide. Design posters that showcase the beauty, traditions, and stories that define different cultures, promoting cultural understanding and appreciation. **From Art, Music, Literature to History**, let's celebrate the diversity of our culture.

Category F: Poster for UN SDGs topics

Category F invites participants to create posters based on the [United Nations' 17 Sustainable Development Goals \(SDGs\)](#). Utilize your artistic skills to shed light on these significant issues and inspire positive change. We encourage participating designers to [explore the SDGs \(click\)](#) as they can greatly inspire your creative process and lead to

meaningful artwork. You may choose one of the SDG topics and create inspiring posters to help raise awareness about social issues. Let your creativity contribute to making a difference in the world.

The SDGs are: No poverty; Zero hunger; Good health and well-being; Quality education; Gender equality; Clean water and sanitation; Affordable and clean energy; Decent work and economic growth; Industry, innovation and infrastructure; Reduced inequalities; Sustainable cities and communities; Responsible consumption and production; Climate action; Life below water; Life on land; Peace, justice, and strong institutions; and Partnerships for the goals.
